## TECHNICAL DATASHEET

### OUTDOOR WALL LED LIGHT UP & DOWN PROLIGHT+ IN ALUMINUM

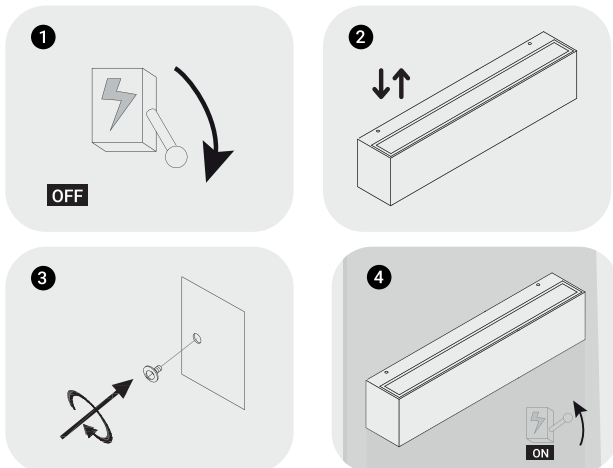

#### DESCRIPTION :

Black outdoor wall LED light up & down Prolight+ 3000K warm white rectangular, IP65, 10Wx2. The light output of this wall luminaire is well distributed on 2 sides of the wall and it creates a nice effect, which is why it is called the exterior luminaire Up & Down. This model has a magnificent design, which makes it perfectly adapted to a modern house. The LED wall light can be used around the house, at the front door and the back door, under the roofs, on the fences...
