## STRIP LED LIGHT 220V SMD 2835 PROLIGHT+

#### DESCRIPTION :

The 220V 2835 SMD professional Prolight+ LED Strip offers a warm and welcoming ambiance with its ultra-warm white color temperature of 2700K. This LED strip is a perfect choice for illuminating your indoor and outdoor spaces. With its IP65 protection rating, it is water and dust-resistant, allowing you to confidently install it in damp areas such as bathrooms, kitchens, or gardens. Whether for residential or commercial use, this professional LED strip ensures superior quality and a long lifespan.

#### INSTALLING :

ITEM	FEATURES
SKU	PRLH220V28351202700
CT	Warm white 2700K
Voltage	220V
SMD	2835
LED QTY	120 leds / Meter
RA	≥80
Lumen	650 Lm / Meter
Power	7.5W/M
IP Range	IP65
Cut	1m/cut
PCB Width	8MM
Packing	50 M/rouleau dans le carton
Certificate	CCC, CE, RoHS, SAA, SASO
